- 4 Reducers
- 4 Grates
- 4 Caps
- 4 Brackets
- 5 Pipes
- 5 Bends

Key Plastics produces a wide range of pipe and fittings from 90mm to 300mm for all stormwater and drainage applications. All pipes and fittings are solvent cement jointed, ensuring almost total integrity against tree root penetration and leakage.

Pipe products are available in either Heavy Duty or Extra Heavy Duty wall thickness and all products are manufactured to AS 1254:1991 "Unplasticized PVC (UPVC) pipes and fittings for storm and surface applications".
